

ENGINE & TRANSMISSION SYSTEM CLEANER

A technologically advanced chemical carefully balanced to help clean and protect internal surfaces with a low-friction lubricating film. Removes accumulated deposits that form throughout the oil/fluid passageway system to help improve fluid circulation. Engine & Transmission System Cleaner boosts the oil/fluid's resistance to corrosion and wear of vital parts. Lubrex's metal conditioner is also added to reduce system friction and protect moving parts.

APPLICATION:

- Safe for use in all gasoline and diesel engines
- Safe for use with all conventional oils & fluids
- Synthetic blend oils & fluids
- Full synthetic oils & fluids

FEATURES & BENEFITS:

- Helps remove resin and sludge deposits
- Provides extra lubrication as it cleans
- Cleans and conditions seals
- Helps restore proper fluid flow
- Compatible with all types of fluids
- Contains metal conditioner
- No environmentally harmful dyes

DIRECTIONS:

Check for leaks. Make sure reservoir is at a safe level. Before changing fluid, add contents of this bottle to reservoir. Start engine and allow to circulate for at least 5 minutes at full operating temperature. Drain reservoir and remove fluid filter. Replace drain plug and filter. Refill reservoir with new fluid and check levels.

Dirty Oil Pan

Clean Oil Pan

HEALTH & SAFETY, ENVIRONMENT:

Prolonged and repeated contact with oil may cause skin disorders. Avoid contact. Wash immediately with soap and water. Do not discharge used oil in to drains or the environment. Dispose to an authorized used oil collection point. For further information on Safety Guidelines please refer to MSDS available on our website www.lubrex.net

HEALTH & SAFETY:

This product is not likely to present any significant health or safety hazards when properly used in the recommended application and good standards of personal hygiene are maintained. Reference is made to the Safety Data Sheet (SDS) which is available on request via your local sales office or via the internet www.lubrex.net

PROTECT THE ENVIRONMENT:

Take used oil to an authorized collection point. Comply with local regulation. Do not discharge into drains, soil or water.

STORAGE:

We recommend to store all packages under cover. In case outside storage is unavoidable, drums should be laid horizontally to avoid the possible ingress of water and damage to drum markings. Products should never be stored above 60°C, exposed to hot sun or freezing conditions.
